Re: Gas Transmission Northwest LLC
Change in FERC Gas Tariff
Docket No. RP12- -

Dear Ms. Bose:

Pursuant to Section 4 of the Natural Gas Act and Part 154 of the Federal Energy Regulatory Commission's ("FERC" or "Commission") regulations,¹ Gas Transmission Northwest LLC ("GTN") respectfully submits a proposed substitute Part 1 – Table of Contents ("Table of Contents"), v.3.1.0, to be part of its FERC Gas Tariff, Fourth Revised Volume No. 1-A ("Tariff"). GTN is submitting the Table of Contents to add a listing for tariff record 8.1 as "Reserved For Future Use." GTN respectfully requests that the Commission accept the proposed Table of Contents to be effective June 27, 2011.

Statement of the Nature, Reasons and Basis for Filing

On May 26, 2011, in Docket No. RP11-2132-000 (“May 26 Filing”), GTN submitted for Commission review a housekeeping filing that proposed to revise several tariff sections and, accordingly, to update the Table of Contents of its Tariff to reflect the revisions to those tariff sections. The tariff sections proposed in the May 26 Filing were subsequently approved by unpublished Director’s letter order to become effective June 27, 2011.²

On August 22, 2011, in Docket No. RP11-2183-001 (“August 22 Filing”), GTN filed revised tariff records in compliance with a Commission order issued July 8, 2011.³ In part, the August 22 Filing included a revised Table of Contents which reflected that tariff record 8.1 would be “Reserved For Future Use” and would no longer reference a non-conforming agreement. On September 30, 2011, the Commission accepted the tariff records included in GTN’s August 22 Filing to be effective April 11, 2011, as proposed.⁴

² Gas Transmission Northwest Corporation, Docket No. RP11-2132-000 (June 10, 2011) (unpublished Director’s letter order). Among other things, the May 26 Filing included the reserve of certain tariff records for future use, which was reflected in the Table of Contents. On June 10, 2011, the Commission approved these tariff changes to become effective June 27, 2011, as proposed.

³ On June 9, 2011, in Docket No. RP11-2183-000, GTN filed certain tariff sections and a tariff record to reflect the addition of a service agreement between GTN and Powerex Corp. (“Agreement”) to GTN’s tariff listing of non-conforming service agreements. As part of the June 9 filing, the non-conforming Agreement was reflected in the Table of Contents as tariff record 8.1. On July 8, 2011, the Commission accepted GTN’s tariff sections and tariff record effective April 11, 2011, subject to conditions. The July 8 order directed GTN to do either of three things, one of which included revising a provision of the Agreement to conform to the existing *pro forma* service agreement in its Tariff. By mutual agreement, that provision of the Agreement was amended to conform with GTN’s Tariff. Gas Transmission Northwest LLC, 136 FERC ¶ 61,022 (2011).

⁴ Gas Transmission Northwest LLC, Docket No. RP11-2183-001 (September 30, 2011) (unpublished Director’s letter order).

Consequently, it is necessary for GTN to update the Table of Contents approved as part of the May 26 Filing with those revisions approved in the August 22 Filing. As such, the Table of Contents, included herein at Appendix A, has been updated to list tariff record 8.1 as “Reserved For Future Use.” GTN respectfully requests that the Commission approve the Table of Contents, to be effective June 27, 2011, consistent with the Commission acceptance of the May 26 Filing.

Effective Date

GTN respectfully requests that the Commission accept Table of Contents, v.3.1.0, included herein at Appendix A, to be effective June 27, 2011. GTN further requests that the Commission grant any waivers of its regulations necessary to allow for this effective date.

Other Filings Which May Affect This Proceeding

There are no other filings before the Commission that may significantly affect the changes proposed herein.

Contents of Filing

In accordance with Section 154.7 of the Commission’s regulations and Commission Order No. 714,⁵ GTN is submitting the following XML filing package, which includes:

1. This transmittal letter;
2. The clean Table of Contents (Appendix A); and
3. The marked Table of Contents (Appendix B).

Certificate of Service

As required by Sections 154.7(b) and 154.208 of the Commission’s regulations, copies of this filing are being served on all of GTN’s existing customers and interested state regulatory
